**See you on November 4th at our 40th Anniversary Sale!**

**Sunday, November 4th • 12:00 Noon • Bloomfield, IA**

# Congratulations...

## **Congratulations to the Hawkeye Breeders!**

A 40th Anniversary Sale is a great tribute to the dedication the breeders in this sale have strived to offer to you, their valued customers. They consistently breed genetics on the cutting edge so the cattle will be profitable for you in the pasture and shine in the show ring. The breeder list has changed over the years but the focus remains the same. This year, the offering includes a variety of divisions that will appeal to a wide segment of the beef industry. The spring open heifers are truly the shining stars with many that already have been in show ring and ready to hit the tan bark again. There is a nice offering of fall females ready to breed on, bred females are ready to start their production years and a select offering of show steers. Simply something for everyone. The Davis County Cattlemen will be grilling burgers so come early and celebrate with us on achieving this milestone. Remember to set your clocks back the night before and head to Bloomfield on the 4th of November. We do understand busy schedules so if you can't join us in person, log on to [liveauctions.tv](http://liveauctions.tv), download their app and enjoy the sale - bid from your house, tractor or combine. Congrats again to all the past and present Hawkeye Breeders!

Val & Lori Eberspacher

Miss Lillian is another beautiful Colemans Regis daughter. This Foundation female expresses a long feminine front with balance and style. Her dam, a first calf heifer sired by Sir Charles, is exactly the type of female we strive to raise. Her pedigree is solid for producing high quality, productive cattle that work well in all segments of the industry. Lillian was also in our show string at the Iowa State Fair, standing second in class.

 KLOP Shes Packin 5D  
 RJM Shes Country W95

This Last Call female is out of a first calf heifer and we are happy with the job her mother has done. Her grandsire was a past high selling bull out of the Denver sale that has done some promising things for Klopstein Simmentals. This female has lots of potential in the show ring but will go on to make an awesome cow.

Miss McKenna is a solid black female sired by Coleman Regis. This is a typical Regis daughter that is beautiful fronted, big ribbed with style and of sound structure. Miss McKenna's dam, SAS 686D, is a beautiful first calf heifer with a perfect udder that transmitted her beauty to her daughter. We believe McKenna has tremendous potential in the show ring and more importantly in the pasture, this would be a sound investment.

*This unique bred offers multiple opportunities for the new owners. She is a long-spined, big footed and deep sided female. Her dam stems from the Bruce Brockway herd; he has spent a lifetime breeding real world values. Her sire Onstots Mr 406 has been extremely reliable in producing functional, productive offspring. Bred to the calving ease and performance bull Koch Big Timber. The genetic value of this package is rock solid. In addition, Georgina comes in a more mature model increasing her worry-free low input yet high output potential.*

Show steer deluxe! If you are in the market for a breed steer who will run with the big boys next fall, look no further! This black and white steer is sure to grab your attention as he struts into the ring. He stands on a big hoof, square from the ground up and long fronted. We don't sell many steers around here but we are proud to be selling this one.

We look forward to seeing you at our 40th Anniversary Sale on Nov. 4th!
