FEMALE SALE 2022

Saturday • November 5th • 12:00 Noon • Russell, IA

Welcome...

Welcome Partners,

Once again, it's sale time and it's hard to believe another year has passed. I will start by catching you up on the family. Remember that if family does not come first, it is very difficult for the cattle operation to be successful. We were blessed with our third grandchild back in May when baby Callah was born, Colton and Cassie's first child, my granddaughter Neleigh turned two in April and in August Tucker turned four (future trail boss). As for the rest of the family we are all blessed with good health and are doing well. It has been really dry here in southern Iowa this year, Landon and I have had to really hustle around to get enough feed put together to make it until spring, but I think we are in good shape now.

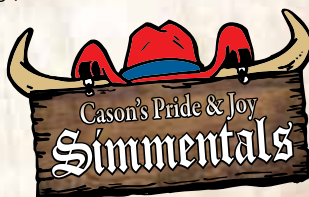

We are as always very excited to host another female sale. the cattle in this sale offering continue to represent what the type and kind we believe in, our philosophy is to produce functional cattle that can excel in all phases of the cattle industry, so we try and select our seed stock to be of proven genetics and excel in most all the traits that we deem relevant. As times have changed over the years farm and ranch operations have less time to spend with their cattle, so traits like calving ease, docility and udder quality have become more important. Production and performance have always been our main goal, but we continue to try and improve all traits and EPD's are the best tool we have to accomplish this. Longevity is another trait that is import to us and I can tell you the average age for a cull cow in our herd is around 14 years old.

We work closely with our local vets to provide the best vaccination program possible; we take no short cuts when it comes to animal health. The cattle in this sale have been fully vaccinated for each stage of their life and are current with their vaccine shots. We do recommend that you scour vac the bred females you buy at the proper time as of now it is too early.

Most importantly we want to say thank you to all our customers past and present for your confidence in our program, we cannot thank you enough for your loyal support and friendship. If any of you would like to view the cattle at the farm visitors are always welcome. If you have question about anything in the sale offering, feel free to call Landon or me.

From Sale Management

Welcome Cattle Enthusiasts to the Cason Pride & Joy 4th Annual Maternally Inspired Female Sale on Saturday, November 5th. For over 42 years now, this firm has had a mission to produce a product that will add profit for you, their valued customers.

This sale offering of females has the genetic makeup of power and style along with a stellar EPD profile to advance the beef industry in producing high quality beef for the customer. Through the pandemic, so many more consumers have found what high quality beef tastes like as they reached out to the producer in their area to put quality meals on their dinner tables. This offering is unique in the aspect that if you are looking for the next show heifer for a young person to have a wonderful experience, increase your fall breeding program or step up style and performance in your spring calving cows, your options are loaded here. Check out the EPD profile on not only on the females themselves but the progeny they are carrying – simply impressive.

Please accept this as your personal invitation to join all of us for a delicious lunch and this power packed female sale. Internet team will be Liveauction.tv. If we can assist you in any way, feel free to contact the Cason crew or us at EE Inc as we all love to talk "Simmental"!

JLC Family Farms • Miss J11 a solid black daughter of Copacetic E02. She is extremely big ribbed, long sided and feminine fronted. When you analyze this female, you will see true cow power with tremendous show potential. Her dam is sired by W/C Innocent Man. We think she has a very bright future.

Cason's Pride & Joy Simmentals

Cason's Miss Briana is another TJ Gold 274G daughter. We feel this female has tremendous herd building potential. We just like the way she is put together from the ground up. Check her out on sale day, this may be our best combination show heifer – brood cow prospect in the sale.

Cason's Pride & Joy Simmentals • Cason's Miss Skylar is a solid black KBHR High Road E283 daughter. I think this female has great show ring potential, she possesses that rare combination of structural correctness, femininity and massive rib shape that it takes to compete in the pasture and the show ring. Backed by a strong pedigree with exceptional numbers (API 157 and TI of 86).

Cason's Pride & Joy Simmentals • Cason's Miss Nova is one of our first TJ Gold sired calves and we are well pleased with the TJ Gold sired group. Miss Nova is long bodied, smooth made with a little extra frame. Her pedigree is very solid and her numbers indicate this as well, API of 160 and TI of 86.

TJ Gold 274G, Sire

Cason's Pride & Joy Simmentals • This is an outstanding show heifer prospect sired by KBHR High Road. Hazel's dam, a first calf heifer, did an excellent job, weaning at over 700 lbs. which is no surprise coming from the 78-cow family.

Cason's Pride & Joy Simmentals • Miss Callah a solid black purebred sired by TNS All Around. Callah's one of those heifers that just seems to get a little better all the time and I think she may be the sleeper of the bunch; she really profiles nice, long feminine fronted, smoothed shoulders and well balanced. If you're looking for an attractive show female, take a close look at her on sale day.

**Cason's Pride & Joy
Simmentals**

Miss Sawyer is another one of those beautiful baldy females sired by our herd sire TNS Eagle G618. Miss Sawyer has that show appearance with tremendous body shape, not much of a gamble with this female if you want one to show. Her pedigree is deep with maternal and numbers to back it up.

Cason's Pride & Joy Simmentals • Cason's Miss Alisson a black baldy female sired by TSN Eagle. TSN Eagle is one of our herd sires that's doing us a phenomenal job. He is sired by Eagle and out of a Cowboy Cut daughter. Miss Alisson is really stout made and has that easy keeping ability that is so valuable. This show prospect will also make a great brood cow. Also, very solid numbers across the board.

Cason's Pride & Joy Simmentals • Cason's Miss Riley is a very powerfully made SimAngus™ female. Her maternal grandam is the Sandeen Lady 9761 sired by Hard As Steel. This moderate framed female is hugged ribbed, super sound and attractive made. Her pedigree is rich with cow power with beautiful phenotype.

This April born female is big bodied, nice fronted and has brood cow written all over her. Very nice show heifer prospect with good numbers and a solid pedigree.

FALL OPENS

The fall open females offered this year are right off the top of our fall 2021 calf crop, these females are in perfect breeding condition and are ready to breed, all vaccinations including (pre-breeding) are done. These females represent what our breeding program is all about. Females that are broody with performance that will go out and produce high quality bulls and replacement females that you can be proud of. Their dams are all proven cows with production records to back them up. These fall females have well above breed average EPD's for almost all traits, so as you select AI sires to breed these to you could really advance your program even further by selecting good, numbered sires. You can buy these fall open females with confidence.

*Kolton Kline/Cason's Pride & Joy • Miss Kassie, an Eagle daughter, owned with the Kline family. Kolton showed this heifer at the Poweshiek County Fair, she was Reserve Champion Foundation Female. As you can see in her picture, she's a beautifully made heifer. We thought High Road would be a good mating with this female. These Eagle daughters making a big impact on the Simmental breed. **Halter Broke.***

Cason's Pride & Joy Simmentals • Miss Saige is very stylish solid black purebred female. Mated to Bold Ruler with a heifer calf due in February, this is an interesting mating. If you study the pedigree, it's a complete outcross that will add value to the genetic profile. Projected API of 166 and TI of 92 this is hard to beat.
