**FEMALE SALE 2021**

Saturday • November 6th • 12:00 Noon • Russell, IA

# Welcome...

Dear Friends and loyal customers,

On behalf of Cason's Pride & Joy Simmentals, we would like to take this opportunity to welcome you and to say thanks for the many years of support to our breeding program. It's the continued support of our loyal customers like you that has allowed our program to be successful. We have continued to be disciplined in our genetic selections of AI sires, as our goal is to produce sound, functional breeding stock to satisfy the needs of both the purebred and commercial producers. We are proud to be members of the American Simmental Association, an association that is dedicated to research through data collection and DNA research that has brought extra value, respect and awareness to the positive traits Simmental brings to the cattle industry. We encourage everyone to take advantage of the many programs the association has to offer.

Once again, it's an honor present our 2021 female offering. The open heifer division includes some females right off the top of our 2021 calf crop. Offering includes high quality show heifers, incredible herd building genetics and some really nice replacement female.

The fall open heifer division consists of just the top end of our fall females, with several being of show heifer quality. These females are fully vaccinated and ready to breed.

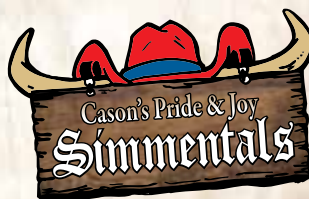

The bred heifer offering is really strong, representing several of our top cow families. These females are all bred to low birth weight sires for early spring calves. All necessary vaccination is in order and would be eligible for interstate travel.

We would like to thank our guest consignors. Again, you can be confident in their offerings for they have been long time buyers in our program and have expanded those genetics to fit their operations.

We want to say thank you to everyone who has supported our program over the years and for their friendship. If anyone would like to view the cattle at the farm... visitors are always welcome or you can call Landon or I anytime to visit about the cattle being offered.

Miss Ellie Mae is another Hooks Eagle daughter with all that maternal and terminal power. Ellie Mae is a little bigger framed with extra body length. This female was the second highest adj. weaning weight female of the herd posting an 857 pound. She owns an API OF 168 AND A TI OF 94 putting her in the top 10% of the breed.

MWW	62	TI	79
Stay	20		

Cason's Miss Libby is as maternal looking as you can make them plus her pedigree and EPDs also suggest extra cow power. Her stay number is 20, well above breed average. Libby's dam goes back to a Coleman Regis daughter (PB Angus) that has sure worked for us. This purebred female would be a solid investment for both a show heifer and highly productive cow down the road.

Miss Hazel is one of the most valuable females in this sale and maybe in the whole Midwest. When you analyze this female in real time, study her pedigree and evaluate her EPDs. These Eagle sired cattle are tuning some heads, there real world cattle that are living up to numbers. Hazel's dam, a first calf heifer, was also a successful show heifer that was Reserve Champion Division at the Iowa State Fair in 2020. If you're a serious breeder in the market for a breeding piece, better look hard at this one.

Miss Priscilla maybe the sharpest looking CCR Cowboy Cut daughter we have raised. It didn't hurt that her dam was sired by Colman Regis. Her dam's full sister was Champion Cow Calf at 2017 Iowa State Fair. Priscilla is long bodied, pretty fronted with just a tick more frame that will make her a competitive show prospect. Backed by very good maternal numbers API of 144.

On Denny's recommendation, we flushed Cason's Miss Sylvia to Santa Fe. That flush resulted in females that are hardy and functional with a proven track record. Three cows were sold on last year's sale as pairs. (601H & 608H are flush sisters with these two) 760J is one that always catches your eye and demands a second look.

Miss Crimson is a solid dark red CCR Cowboy Cut granddaughter. Crimson is long bodied, attractive with a super quiet disposition. Her dam, Cason's Miss Grand Gala, is a Top Grade daughter crossed with a half blood Hereford cow. This is where she is getting her red gene and some hybrid vigor. She also has very positive growth and maternal numbers.

Miss Gretchen is a moderate framed, super attractive Night Watch. This female has great potential as a show heifer and a greater chance of being an incredible brood cow. Study her pedigree and EPDs... I think you will agree.

Cason's Miss Autumn will be one of the stoutest females in the sale... a red baldy sired by Cason's 815A (Cowboy Cut son). Her dam, a TNT Tuition daughter, has raised some good ones, but this would be her best heifer calf. Autumn was one of the top weaning weight heifers and is as broody as you can make.

Cason's Miss Sandy is an ET heifer sired by KBHR High Road. Do your homework on this one as her dam, Sandeen's Lady A 6761, is a female that has generated a lot of attention. This heifer has all the attributes of a great one. Here is an opportunity to buy a breeding piece with a little different pedigree.

Miss Rosalie is one of the youngest heifers in the sale but this black white face female is hard to miss. A daughter of our Cowboy Cut son then back to a King Pin dam resulted in a really nice mating. She's well balanced with solid numbers.

Miss Genevieve is a solid black purebred sired by TNS All Around. These TNS sired calves have been impressive. They come easy, grow well and are structurally sound. Her dam was sired by Upgrade and you know the legacy he left us.

## THE ELITE FALL OPEN FEMALES

## 22 CASON'S MISS PRIMO H26Z

ASA#3907155 BD: 9-1-20 Tattoo: H26Z

**Black Dbl Polled 1/2 SM 1/2 AN** Adj BW: 88 Adj WW: N/A

Miss Primo maybe the best fall show heifer we have produced. She is structurally sound, good footed and big bodied. I can't wait to see her next summer several months pregnant as I think that's when she will look her best. Her dam is a Built Right daughter that is a gorgeous black baldy cow producing some top notch bulls. If you're looking for a big time foundation female, don't overlook this one.

Here is a Mr. Sloan female that is big hipped and bold in her center body. Bred to Hook's Eagle for a projected 140 YW EPD.

Miss Jayla is another uniquely bred female that is sired by TJ Roosevelt and dam is sired by a full blood Fleckieh. This added some fresh genetics to many of the sires being used today and you would be surprised at the hybrid vigor that comes with it. This is a moderate framed, easy fleshing female that we also mated to High Road.

*This Mr. Sloan daughter is super long bodied and constructed on a very sound running gear. Look at the projected EPDs of 142 YW and API of 154.*

Cason's Miss Angel is a dark red female sired by Cason's Mr. E815A (Cowboy Cut son). This is another cow family that's been with us for a long time. Miss Angel's pedigree is full of top sires with red genetics. The 28 cow family is known to produce high quality performance cattle with tons of maternal ability.

Here is another one of those black baldy daughters out of Cason's Mr. Corner Stone. Extremely correct in her angle, long bodied and sound.

Miss Heather comes from a long line of females that are consistent producers, always calf early, breed back and wean a big one about every time. Udder quality is second to none. We have three of these 28 females in the sale and they all would be a safe bet.

Miss Beatrice is a big bodied, massive ribbed female sired by Santa Fe. Miss Beatrice was purchased by Kolton Kline in last year's sale and was Champion Purebred Heifer at the Poweskie County Fair. Her dam is a Maverick daughter who sires really high maternal females with keeping ability, going back purebred to a Sandy Acres female that had some Fleckieh blood lines. We felt High Road would be good mating on this female.

*Miss Jill is another promising Sandy Acres 49B daughter. Her dam, Sandeen's Lady 4301, is sired by Upper Class. This is a stout made female that is the easy keeping kind and Al'd to High Road.*

Unable to attend in person? Bid online at:

**LiveAuctionsTV**

Miss Persley has an elegance about her – long, feminine fronted, deep bodied and that strip face that always catches the eye. Her dam sired by Coleman Regis back to an old Power Line cow made an awesome cross. The old Power Line cow weaned an 850 bull calf this year at sixteen years old which says a lot about the production of this cow family.

A stylish bred that will end up making a nice cow. She is super in the neck and shoulder with a good disposition.

Miss Whitney is a solid black foundation female sired by Sandy Acres 49B and out of a Bismarck female. This is a gorgeous profiling female with tremendous rib shape and extra neck extension. She has a unique pedigree that I thought would mate well with the Hook's Eagle bull. Very nice breeding package.

### *Message from Sale Management,*

**Welcome!** It is an honor to invite you to the 3rd Annual Maternally Inspired Female Sale on Saturday, November 6th powered by Cason Pride & Joy Simmentals. Denny and his family have been breeding performance-oriented Simmental cattle for over 41 years and their dedication to this breed is second to none. The success of you, their valued customer, is always on their mind and included in their mission.

This group of females have the genetic makeup of power, style and EPD profile to advance the beef industry to produce high quality beef for the American consumer and profit for you as a customer of Cason Pride & Joy Simmentals. The track record of this firm has proven that and will continue to prove that for many years to come.

Feel free to give us a call or visit with anyone on the Cason team. Take some time to watch the videos.

We look forward to seeing you in Russell, Iowa. Come for lunch and let's visit about this awesome set of Cason genetics. Liveauctions.tv will be your internet provider.

Sincerely,

*Val & Lori Eberspacher*

# Farming

It is a job, full of long hours, in all temperatures, and lots of hard work. But it is so much more than that. It is scars, callouses, broken bones, stitches and bruises. It is sunshine and storms, dirt under your nails, and straw in your boots. It is early mornings, late nights and long days. It is the joy of a good harvest, the beauty of a sunset, the peace in the barns. It is a calf in your kitchen, a dog in your truck and freedom in your soul. It is faith, determination and accomplishment. It is fears, tears, laughter and love. It is a way of life, a sense of pride, a family affair. It is home.

**And there is no place I would rather be.**

## *A True Gentleman... My Friend, Rich Meinders*

Rich Meinders was a good friend of mine for several years, but I got to really know him the last few years. We shared a true passion for cattle and the cattle industry. We discussed all the latest issues regarding anything to do with cattle business. Between the two of us, we could most always come up with a solution to all the problems (at least in our eyes). Rich was a big time Simmental cattle promoter. He loved to talk about Simmental genetics and how the breed had evolved over the years. We would reminisce about all the old sires we had used over the years and their effects on the breed.

But at the end of the day, Rich knew life was much bigger than just cattle. Rich was a quiet, humble man that loved his family and friends. He always would think before he spoke (an awesome quality). Rich led his life in a way we could all learn from; he was a true gentleman.

As we mourn the loss of Rich, we need to remember Rich is in a better place now. He is with the Lord, the ultimate victory.

Your friend,  
Denny
