2013 Sim Magic On Ice IV

The 2013 Sim Magic On Ice Sale lived up to its elite reputation Saturday night at the Double Tree Hotel, Denver, CO. Before an over flowing ballroom crowd, Simmental enthusiasts from across the country selected genetics from what many stated as a "wish book" sale offering. Trans Ova Genetics once again donated a service package consisting of an IVF Cycle using reverse sorted semen with all proceeds going to the American Simmental Foundation earmarked for Jr. activities. Thanks to Jeff Thompson of Lone Tree Simmental (IA) for his purchase of this package. Special thanks to our Sim Magic sponsors of Lance Ellsworth and staff of Cattle Visions, the entire staff of Trans Ova Genetics and Brad Fahrmeier of LiveAuctions.tv

Special thanks to all the breeders for opening up their herds and sharing such great genetics!
