SALE REPORT

BRANT FARMS • Genetic Balance &ale 2013

The 9th Annual Brant Farms Genetic Balance Production Sale was held on Saturday, April 13th, 2013 at 12:00 pm at the Brant Farms Sale Facility in Hinckley, MN. The Ron Brant Family offered an outstanding set of young cow/calf pairs, bred females, top notch open females and great herd sire prospects. Manager John Von Rueden and his crew had the cattle looking great. Despite the very snowy and cold climate leading up to the sale, there was a terrific crowd in attendance sale day. The large crowd of repeat commercial customers and fellow Simmental breeders again filled the sale barn and their active bidding and purchases made for another successful Brant Farms sale.
