**64 YEARLING HERD BULL PROSPECTS**

**Cattle will not go through the sale ring. View the offering on the big TV screens.**

**Cattle viewing available at the farm prior to sale and sale day.**

### Welcome to our Annual Chestnut Angus Bull Sale,

2020..... I have nothing to say other than looking back at last year's catalog, I was excited for a new year and a new Exciting Decade. Well, it was exciting but not in the way we wanted it to be! Enough of that, I am excited for 2021 and am hopeful things will turn around. Heck, the month of January has been a whole 180 degrees better than the last few in terms of snow fall, temperatures, and calving conditions. I totally knocked on wood as I was writing this, but I hope the beautiful weather continues and we all have a wonderful prosperous spring, summer, and fall. Needless to say we are excited to offer this set of bulls for your consideration for our 2021 Bull Sale. 2021 was a first in that it was the first time in a long time that the National Western Stock Show was not an

option for livestock exhibitors and enthusiasts to attend. The State of Oklahoma, and the Cattlemen's Congress stepped up to the plate and we are eternally grateful for them putting on such a high class event in such a short amount of time. With that, ever since we started this business, there has always been a goal in mind: To win the pen bull show at the Superbowl of All Cattle Shows. This year, in 2021, that dream/goal became a reality. We were fortunate enough to walk away from the Inaugural Cattlemen's Congress with the Reserve Champion Pen of 3 Heifers and the Champion Pen of 3 Bulls. I can't put into words what it means to my family and I, and how thankful I am to finally achieve this goal. This goal, and this set of bulls is the product of several years of hard work to produce a quality product for YOU, our customers. They are the kind of cattle that will go out and do big things for the programs they go to. They are the kind of cattle that combine genetic values on paper as well as phenotypic value on foot. Several of these bulls stem from our 2015 model cows which sold on our 2020 Fall Female Sale as well as 2016 model cows which will sell on our 2021 Fall Female Sale. We have built a program and a product that we feel can go out and perform for your operation no matter what your goals may be! We KEEP the best and CUT the rest!

I would like to thank our customers. Our success comes from you, and I'm truly thankful for the relationships that my customers, family, friends, and neighbors have given me, that makes this cattle business and agriculture community so strong. I would like to thank my Wife Sherri, my two boys: Wesly and Dawson, as well as our hired man Justin Blumer for all of the hard work and dedication they put into this operation day in and day out. I would also like to thank those whom have helped out along the way. I don't think people realize the amount of time and people it takes to put things like this all together. It's almost like getting ready for a wedding and there is a lot of preparation that goes into it. So with that to EVERYONE who has helped at all times of the year Thank You! I would also like to thank our Feed Specialist Scott Connot and the entire CHS Crew. They develop the rations for these cattle in order to ensure maximum performance which is greatly appreciated.

We welcome you to our place to look over our sale selection prior to our sale. We truly appreciate those of you whom may be returning customers, or those of you that are checking us out for the very first time. The door is always open for you to stop by, we would be happy to answer any questions that you may have and how our genetics can influence your program. My family and everyone that knows me says I have the gift to gab, but to me that's ok because we are all in this industry together. Lessons and things we all learn are lessons and things we should all share! With that, enough writing, we are looking forward to seeing you on sale day.

**All Bulls have been Genomic Tested through Angus GS as well as Parent Verified and tested for all necessary Genetic Defects!**

Thanks,  
Glenn, Sherri, Wesly & Dawson

**WE ARE HERE FOR THE LONG RUN, LET US KNOW HOW WE CAN  
HELP YOU ACHIEVE YOUR GOALS!**

## Sale Day Phones:

We all remember that one calf that was a standout since birth and one that you could only hope would develop into more than what you could have ever expected! United is a member of the 2021 Cattlemans Congress Champion Pen of 3 bulls and one that lands within the top 20% of the breed on nearly 95% of his EPDs and \$ Values. We believe Bulls like this are what we need to make the next generation better, the kind that cattlemen from all walks of life can appreciate. The kind of cattle that can unite us all and move us forward no matter what your goals or aspirations are! He's the real deal folks, and he has us excited for the future!

Top 1% of the breed for WW and YW, 2% \$W. Top 5% \$M, Top 10% \$F, \$C, RADG and CW. He ratios 118 at weaning time and all this is off of a first calf heifer. He was also a member of the 2021 Grand Champion Pen of 3 Bulls at the Inaugural Cattlemen's Congress in Oklahoma! Descending from Pathfinders on BOTH sides of his pedigree, simply put this is one awesome complete Angus bull, the kind that we strive to produce each and every day! Cattle like this are why we do what we do! They are the right kind for the industry!

**Cattlemen's Congress**  
 Oklahoma City 2021

This rascal lands in the top 10% of the breed for YW and \$M, 15% for \$F, \$C, Docility and CW. Lastly but certainly not least, top 5% WW and \$W. He ratioed 117 at weaning time. Cattle like this one are exactly why we're excited about Redemption! They are thick, stout, high performing, big bodied and good looking! They combine so much good on foot as well as on paper and if this guy isn't a prime example of those qualities, I am not sure what is! Don't miss him come sale day!

# Chestnut Angus Farm

Chestnut Beauty 570, Dam

**Cattlemen's Congress  
Oklahoma City 2021**

Daytona lands in the top 25% of the breed for WW and is a direct son of one of the top selling cows on the 2020 Fall Female Sale who happens to also be a member of the Beauty cow family! Talk about one that is extra good lookin with a proven cow family to back him! The sky's the limit and the race track is wide open, it's up to you to get in the driver's seat!

Chestnut Redemption 38,  
Maternal Brother

Chestnut Wetonka WJ  
63, Dam

Here is a maternal brother to Chestnut Redemption 38! He lands in the top 10% of the breed for CED, BW and \$M. Top 15% \$W, Top 25% WW and \$F. Visually, he's an absolute beast and also ratioed 111 at weaning time! We could write stories and scenarios as to different matings this guy's mom could go based on her track record, but the truth of the matter is, she will be a featured 5 year old on our 2021 Fall Female Sale! This guy is an absolute stud and one you're not gonna want to miss come sale day!

Chestnut PF Beauty 536, Dam

Top 1% of the breed for Maternal Milk, and 20% CED. Coming from the Beauty cow family and a female that was one of the featured 5 year olds on our 2020 Female Sale. He ratioed 112 at a year. These Roosevelt cattle are super consistent! Sound, practical, muscular and the kind that can change a program. Plus they look awesome right from the get go as babies! These cattle are the right kind and will pay dividends in the long run!

Here is a maternal brother to the \$40,000 Chestnut Turning Heads sold in our 2020 Bull Sale. His mother did that as a first calf heifer. This calf combines a lot of the qualities his brother brought to the table as well as landing in the top 30% WW and 20% YW. Top 25% \$B and 4% \$F. Awesome on paper, on foot, with an incredible young cow to back him up! He's big time!

Top 10% \$F and RADG, 25% \$W, WW. Top 15% YW as well as top 3% for Milk. Out of another consistent dam here at the Chestnut Angus Program. Out of an awesome young herd sire descending from 2 of the greats at Krebs Ranch. This guy represents good beef cattle and we are confident he will generate even better progeny.

## 61 Chestnut Express 930

An Express son that lands in the top 15% WW and 25% YW as well as \$F. These Express cattle are hot and this guy may be one of the youngest in the sale, but he certainly doesn't sacrifice any quality. A good looking rascal that will certainly stamp that extra punch to his progeny.
