Welcome to the Hart Simmentals 2014 Power Bull Sale on Feb. 13!

We would like to start this by extending a **HUGE THANK YOU** to our many valued customers. Without your generous support we would not have a superior product to provide to you. We truly enjoy the opportunity to work side by side with your cattle operations, and it is those connections with our customers that we solely treasure. We continue to strive for excellence in our cattle program and are very proud of the progeny that we have to offer you this year. Our cattle represent over 40 years of tried and true methods of uncompromising standards to achieve the very best for you.

As our very first all video bull sale met with great success last year, we have decided to continue to bring the latest and greatest technologies to you and will once again showcase our bulls in an all video auction. The bulls can be viewed any time at the farm two miles south of Frederick. They will be penned before and on sale day at our farm, and can be viewed online at www.ebersale.com or DVAuction.com. We look forward to renewing old friendships and are excited to make new ones, they are the backbone of this industry.

We will be watching for you!

Sincerely,

The Hart Family

Hart Simmentals Hosts Accelerated Genetic's 2013 Beef Tour of NE and SD!

On September 27th, 2013, Hart Simmentals played host to Accelerated Genetic's 2013 Beef Tour of Nebraska and South Dakota. Over 38 representatives from over 17 states took part in a tour of cattlemen's beef operations that linked them to their AI proven herd sires that they have a vested interest in. HART ECLIPSE 510Y was bought by WAGR Cattle Company and Accelerated Genetics in the 2012 Hart Simmentals Annual Production Sale. Accelerated Genetics was treated to a special peek of his offspring that are offered in the sale today. **Thanks to Accelerated Genetics for their patronage and faith in our breeding program. We wish them a prosperous 2014!**

He was the high selling bull in our 2012 sale. We A.I.'d a great bunch of cows to him and got a remarkable set of calves. They are the deepest ribbed calves I have ever seen. They are easy fleshing and big topped and have a huge butt. They also have a great temperament. He sold to Falck Stock Farms and Genex. I have seen Jim Falcks bulls this spring and I was extremely impressed. Thank you Jim and Patrick Falck and Genex. Semen available through Genex.

Eclipse was the deepest, soft sided and easy fleshing bull we raised in 2012. He sold to Chris Effling, WAGR Cattle Company and Accelerated Genetics. We used Eclipse on a wide variety of cows and he did an exceptional job. His sire group was very even, thick and deep, soggy and soft. Semen available through Accelerated Genetics.

This young sire was bought for a heifer bull from Eichacker Simmentals. They did a great job on the breeding of this bull. He worked so well we recommend him and his bull calves as heifer bulls. He is a five star calving ease bull. His sire group, bull or heifer are exceptional. They are moderate, very stout, super fronted. They have great hair and are easy on the eyes. They are very desirable calves. Semen sold through Hart Simmentals or Eichacker Simmentals.

We leased this extraordinary blaze bull from RS&T Simmentals to make some blaze faced bulls. He sired a group of very thick and eye appealing bulls and heifers. They are sound, full of meat and very flashy! We were very pleased with the breeding that he did for us. Semen sold through Cattle Visions.

Outstanding! This is the word that always seems to come to mind when you see this herd sire or his progeny. They have a look that is all their own, and when you step into your calf lot or replacement heifer pen, you know which calves are Way Cool calves. They have that extra eye appeal that makes you sit up and take notice. His calves have an endless amount of hair and are thick, deep and stout from birth to sale day. Way Cool is definitely a herd sire that is very versatile, and can be used for registered cattle, commercial cattle, show calves and feed lot calves, because remember after all, pounds is where we all make our money. Performance is exactly what you will get when you pair Way Cool with any cow in your program With calving out his first heifers out of Way Cool in 2013, we found tremendous udders. The daughters held up with calves at side and weaned big calves in the fall. His daughters are five star females. Semen available through Hart Simmentals.

King Pin is a moderate bull with extra rib, very clean fronted. He has a big hip, thick top. His first calves were born smaller and they took off growing and kept growing and didn't stop. His calves are super fronted, big topped and very stout. We purchased King Pin with Shoal Creek Land & Cattle. Semen available through Cattle Visions.

Real World is just that, made for the real man's cattle program. We bought this bull to add a little more frame to our smaller framed cows and to really raise the next generation off of the ground a bit. He did an amazing job at being an outcross bull at our place. His calves are moderate, smooth jointed and soft made. Real World has many spectacular qualities that he passes on to his calves, such as deepness, big footed, big barreled, thick and super soggy.

Half blood bull that we bought from KnH Simmentals. He was just to good I had to buy him and his offspring have just superseded this sire. If you are looking for 3/4 blood bulls that are very long, clean fronted and very thick his offspring will do the job. Thanks to Heather and Kent for the purchase of one of the 2013 high selling bulls.

- Out of a first calf heifer.
- From the first few hours after he was born, Genuine has had something about him that stuck out. As a newborn calf, he was deep, massive with major muscle shape and was the talk of the calving barn. From then until it was time to go to pasture, everything about him increased making him really shine in the pasture. We had customers stopping by all summer to look at calves and he was the first thing they spotted and its hard to get him out of your head. They kept going back for a second, third and fourth looks to study him more. This is our first calf crop out of Ridgerider and he was a perfect heifer bull for us. He calved very easy and quickly. Every calf out of him was the perfect size and he gave them all style that is hard not to notice. Genuine has stood out all year long and is the king of the lot. He will be a breed changer and have a very positive impact on the industry.
