**David Vest, Herdsman 660-620-1141**

Welcome to yet another year of The Gathering at Shoal Creek, what a year it has been. This has been a great year across the land for beef producers of all kinds. We hope this catalog finds you experiencing these record highs the industry has given over the past 12 months. We want to take a moment to appreciate and recognize how blessed we are to take part in all this industry has to offer and share in it with you.

We are excited to bring this set of cattle for your evaluation this year. We feel the pairs and bred heifers are some of the best we have offered and are right for the times. From top to bottom, these females bring incredible genetics and a proven track record. The spring two year olds this year are calving well with more to come as this catalog hits your mail boxes. The Simmental fall bred females sell AI'd to some of the hottest bulls in the industry. The Red Angus fall bred heifers are highlighted by a group of 3 full sisters from the famed Harmony Windsong 0269. These females are the front pasture kind. We continue to provide a great sample of bulls with genomic testing and scan data for you to make the right decisions for your herd.

As usual, we are offering a select group of show heifer prospects highlighted by one of the best Red Angus females to sell and introducing the first offering of Angus calves from our new Angus donor Partisover Burgess 825, our selection from Randy Daniels' herd in 2023. The show babies are truly a complete set. They have the right disposition for the show ring and are ready to compete. The yearling heifers are a small but mighty bunch. You'll have an opportunity to view a red daughter of the great Onyx, this female is one you won't want to miss. Over the years there has been a lot of success from these groups. We thoroughly enjoy watching the industry's youth compete with their projects and have success. This set will provide much of the same.

This year also brings some consignors, both new and old faces alike. We want to welcome the Erickson family of Erickson Stock Farms to The Gathering along with our friends Kelton and Carly Diggs. Kelton comes as a long time help in the back, now bringing his own. Likewise, we have Ed Vest with Vestlane Farms and the Cowger Family of RS&T, both of which are long time friends and consignors of The Gathering. Their cattle are always a great addition with years of dedication to the Simmental breed.

Join us Friday night, the 4th, for a social and cattle viewing and as always, the excellent brisket meal on sale day with sale starting at 1 pm. Please take time to view these lots and look at the videos on CCI.Live. The gates are always open if you wish to view the cattle beforehand. Once again, thank you for your business over the last 15 years. If you have any questions, please feel free to reach out to David or Scott. See you on sale day April 5th!

Sincerely,  
The Shoal Creek Team  
Ed and Kathi Rule  
David Vest and Scott Akey

# Saturday, April 5, 2025

1:00 PM • Shoal Creek Sale Facility • Excelsior Springs, MO

## SELLING 60 ELITE LOTS

### SALE SCHEDULE:

**Friday, April 4th** . . . . . All Day Viewing of Sale Cattle  
5:00 pm. . . . . The Gathering Social ~ Everyone Welcome!  
**Saturday, April 5th**  
8:00 am. . . . . Sale Cattle on Display  
11:00 am . . . . . Complimentary Lunch  
1:00 PM . . . 14th Annual The Gathering at Shoal Creek Sale

### DIRECTIONS TO SALE SITE FROM HOTELS:

**Hampton Inn 816-415-9600:** 8551 N Church Rd, Kansas City, MO (Liberty, MO. at Hwy 152 and I-35) From Hampton Inn, go east 1 mile to Hwy 291, turn right, follow out of town to Hwy 210 exit, go east on Hwy 210 - 7.8 miles to Hwy JJ, turn left on Hwy JJ, go 0.3 miles to Easley Road turn left on Easley go 0.8 miles to Shoal Creek entrance.

### AIRPORTS:

Kansas City International Airport (MCI) served by most major airlines. Airport is located 29 miles from the sale facility.

### ANNOUNCEMENTS:

### Guest Breeders

#### Vestlane Farms 417-399-1430

Vestlane Farms is honored to be a guest consignor at "The Gathering at Shoal Creek!" Missouri breeders take pride in being from the "Show-Me" state and we invite you to allow us to show you some elite SimGenetic lots at this prestigious event. Ed and Kathi Rule have not only been known for outstanding cattle that have thrived in programs throughout the U.S., but also for being the biggest advocates supporting and promoting both our state and the American Simmental Association. Vestlane Farms has been a well-established breeder of Simmental cattle in southwest Missouri for over 35 years and we hope to see you at this sale to enjoy a great group of cattle and hospitality that is second to none.

#### Erickson Stock Farm 417-399-3292

Last year marked fifty years for the Erickson family of raising and loving Simmental cattle. Make no mistake about it, this great breed is the best it has ever been. Decades of discipline and genetic improvement, aimed at commercial endpoints have made Simm Angus bulls absolutely central to the modern beef business. We love the people and connections we have made, seeing each generation grow through the magic of kids raising and caring for animals. We believe in making functional, elegant, and productive animals with a presence that can draw any cattleman in. We are thrilled to offer four pairs, each with an exciting calf by LLSF Double Time, that combine phenotype, genetic value and cow family to a high level. We are so thankful that longtime friends, breed improvers and promoters Ed and Kathi Rule with the Shoal Creek crew have allowed us to "bring our best to town" for your inspection and approval.

#### RS&T Simmentals LLC 816-304-0371

RS&T Simmentals, LLC is honored to participate in the Shoal Creek Gathering Sale 2025. Please check out the awesome first calf heifer pairs we are offering and the great heifer calves alongside. We are excited about the future of these pairs and number are out of the Longs Eagle L56 herd sire that we acquired in 2024. My nephews Brendan McKnight, Tegan Turner and Ryker Turner are getting actively involved for the future as well, I am sure they will be around sale day to visit. Things have changed a little at our operation, however be assured we will be around in the future.

#### Diggs Family Females & Pierpont Valley Cattle Co. 660-247-5836

Diggs Family Females in conjunction with Pierpont Valley Cattle Company is proud to consign in "The Gathering at Shoal Creek" two extremely high quality Simmental heifers. From starting in the back of the barn preparing for the first annual "Gathering" sale, all the way to making our family operations what they are today, we cannot thank the Shoal Creek family enough for believing in us over the years. Everything that Eddy and Kathi have done and continue to do for the youth and furthering the Simmental breed is remarkable! Between great people and even better cattle, it truly is an honor to consign these two elite spring heifers. The Diggs and Garrett families are extremely excited and humbled to bring you what we believe to be some of our very best.

Striking from her profile, are the first words to come to mind! Elegant in her design with a great hair coat, this female is ready to hang banners and move into the donor pen. The Onyx cattle are still in demand and can be found on the bottom side of the hottest pedigrees in the country. Bet On Red in his own right has begun to sire the best females in the business. They are the good uddered easy doing kind that bring in the big calf at weaning. It may be early in his tenure as an elite sire but the results lead many to believe these females will work for years to come. All that genetic power makes M3 a great asset, she is worth the trip to Shoal Creek April 5th by herself.

Power in the blood! Top notch female here! Knockout is moving into the later years of her life at 14 years of age. She is still doing her job and producing embryos but this may become one of the last daughters available. What a calf to end on. She has a long extended front end with a dense muscle shape and added length of body. The Double Up daughters have been amazing producers and bring in big calves at weaning time. With all that, M8 may end up being the steal in the offering.

I know everyone likes the term "COW POWER" so, let's use that here. She lacks no stoutness or substance of body, and has the same dimensions from the ground up. Good legged, big hipped with a huge bold rib cage, and enough belly to spare. We think this is a female that can work in a number of different worlds - everything from raising the next heifer you'll fall in love with or that big burly show steer that'll go hang some banners. With the extra eye appeal and robust body shape this one has, you can use her as a stepping stone for ramping up your herd or breed her club calf for a quick return.

This one has stood out from her sisters from early on, being big hipped, long necked, and smooth in her transitions. The industry keeps accelerating towards cattle that are completely seamless in their design and composition - we think this purebred Simmental female is the absolute right type and kind that has so many options to raise elite livestock. Her mother has done it for many years, raising high caliber bulls such as LLSF Better Believe It, LLSF Charged Up, along with a long list of females anyone would want in the front pasture.

What a way to lead off our Red Angus females! The more you study this female the more you'll fall in love with her. She has the goods, huge center of rib, length of spine, fluid movement and plenty of true muscle shape. This female comes from one of the best cow families to walk the hills of Shoal Creek, Windsong 0269. The name she carries will last for generations, elegant and maternal with real world front pasture production. If you're in the market to compete in Springfield at Junior Nationals and have a cow to hang your hat on in the future, do not overlook this one!

Something spooked this heifer on picture day and we didn't get a chance to take a photo. So be sure to study her video and see for yourself in person. She is a super docile, easy to handle calf from a great cow family. This Just Right daughter brings a lot of good qualities. She will come to you as one of the best future cows in the offering. This is the type that will go a long way.

Power and Substance with a great hind leg and huge top. She's the real deal! Long and thick female that gets out and moves like a cat. This heifer gets me excited, she will hang some banners at a high level then raise the ones to win even more. Backed by one of the best young cows in the herd, her dam's full sister was the high seller in 2023 going to the Smith family of Iowa. Acquire this female and you are ready to hit the tan bark this summer.

These next two females are the first offering from our new Angus donor Partisover Burgess 825. She was our selection from the Partisover herd in the Spring a few years ago. Randy Daniels has created some of the best Angus cattle to walk and this female is proof of his work. These daughters of 825 come to you sired by PVF Insight for added phenotype. These girls will have plenty of ability in the show ring and will make a huge impact in a breeding program for their new owners. M102 is the stouter of the two while keeping the big middle and refined elegance. M105 is a tad greener than her sister but brings you a great look and good hair. Either way you pick them I wouldn't argue, great set of sisters.

L2 starts off the one of the deepest sets of pairs we have offered to date. And what a way to start, L2 comes from the F800 donor. She embodies the extra good look and sound functionality desired in today's industry. This female comes from a long line of championship genetics, with the likes of Double Up, Primo and the incredible Sensation cow family from Bramlets. She brings you a really neat made Bold Ruler heifer calf for your appraisal. This pair embodies power in the blood.

When opportunity knocks, you better take advantage. If you studied that pedigree for any amount of time, you'll see what the excitement is all about. This is a direct daughter of the 624A donor that has produced some legends at Shoal Creek. For example the C1 donor, who was top seller last year to the Seigle Family. Stacked with Up the Ante on the top side of her pedigree, you'll have a front pasture pedigree with front pasture phenotype.

Betsy is a beautiful 3 year old daughter of W/C Bankroll. She is super elegant fronted, long spined and big hipped with a picture perfect udder. Betsy is donor quality and was campaigned successfully by the Dowling family. Her winnings included being Reserve in her division at the Simmental Breeders Sweepstakes! Betsy has a stout and stylish baldy bull calf.

If you're looking for true presence, huge internal dimension and rib shape, and calving ease in a moderate made package, H495D is your next donor. Add perfect running gears, fine teat design, top quartile milk, and cow family backed by the HILB Be My Baby (full sister to Oracle), one like this is truly hard to find. Her coupon at side, a split blaze bull calf sports a {62} pound birth weight and top 20 percentile CE EPD, making him an incredible heifer bull prospect. Her mama is a donor, we have several sisters, and we still hate to part with this one.

Balance, symmetry, functional brood cow productivity. Coming to town in her prime, her first calf was a high indexing and "first to sell" bull, her second is a keeper heifer, and her third is the cocky replacement heifer offered at her side. Top 15% of the breed for milk and rib eye area. If you are building your base cow herd, she's the versatile, consistent, quietly does her job kind of cow you need.

We got the chance to lease Vantage Point from Wayward Hill Farm and he did not disappoint. These next few heifers are all his daughters and they are a consistent group with plenty of power and dimension. L119 did not behave on picture day and missed her opportunity but is sure high on quality. She has an impressive number profile as well. Study her video and one you'll want to see on April 5th, she will have a heifer calf by Just Cuz come September next year.

Talk about a cocky, choke fronted, big boned and good looking daughter of SO Remedy! She is exactly what we were hoping for when we bought a flush of PVF Dream Lady E70 from the Storck family. Dream Lady has an illustrious show career, as she was the Champion Female at the MO State Fair one year and Reserve Champion the next. She was also Reserve in her division at the American Royal and has been one of the most talked about females to come out of MO. Dream Lady had an untimely passing, so this is probably your only chance to buy a daughter of hers. Rianna is safe in calf to the Cattle Visions baldy bull LLSF Jack Pot J1.

Mollie will find friends and you will find what you like best about her. We like that her top is "straight as a string", she is chiseled from her brisket to jaw, deep ribbed like her mama with a surprising expansion to her lower rib. Combined with her added stature and length and her unique crimson color, she should be fun to show off the next couple summers. She is a daughter of LLSF Double Time, maternal brother to LLSF Dauntless whose dam is as complete and powerful a red cow as you will ever see.

A direct daughter from the legendary female maker Merlin and backed by the great SC Ashley 1023 donor. This female is set to be a cornerstone female for years to come. Deep ribbed while still keeping plenty of muscle shape. Look for L508 to raise great bulls and even better daughters.

 Harmonys Windsong 0269  
 BJR Windsong 2269

We are offering a set of full sisters this year sired by the great Domain and from the immortal Windsong 0269. These ladies are built for the long haul, domain females are long lasting generating types and 0269 daughters have been a hot commodity for years in each and every sale. These are the last ones Ed will let us sell and they are sale features. Either way you pick, it these ladies will be a great addition.

- L511 is a long bodied female who may end up being the more moderate of the group.
- L512 is bred to Energize for a quick return and I feel this one may be the best of the 3.
- L513 is the prettier fronted of the sisters and has more of a look about her.

Adj IMF: 5.22 Adj BF: 0.17 Adj REA: 14.10 • Wow! This bull may very well be the best Red Angus bull we have raised. His dam is full sister to the SC Hard Drive H508 who is working for Nick and Callie Curtis with great results. When you tour the herd, she's hard to miss and has quickly moved into embryo production. Sired by the Just Right who is our most consistent sire group for years now. Hard Right is a great calf, he has all the bells and whistles with a great hip and smooth shoulder back down to an awesome set of feet and legs. If you're serious about raising ultra complete and consistent Red Angus calves, this is the bull for you.

**Adj IMF: 2.23 Adj BF: 0.20 Adj REA: 15.23** • An absolute unit to start off the red bulls. Coming from a great cow family from the Lacy Red Angus herd and the stud SC Hard Drive H510 backed up my Windsong 0269. You'll love this bull coming or going, he has a wide base on a sound leg and thick rear end. He is neatly made through his front one-third and maintains an impressive structure from the ground up. He boasts the best ribeye on the entire offering and has a curve bending performance with 66 lb birth to a 768 weaning all the way to a 1176 yearling on a forage maintenance diet. Real world look and real world performance. Bid to win this truly remarkable stud. Halter Broke.

Adj IMF: 1.92 Adj BF: 0.21 Adj REA: 14.72 • This baldy bull has been a farm favorite his entire life. He is backed by an incredibly maternal female and sired by one of the best female makers in the breed. He also has a tremendous data profile as well. The highest ribeye area at 14.72 and posted an impressive 776 lb weaning weight. You're looking at a bull that gives you the opportunity to keep every daughter and sell pounds of steers at weaning.

The youngest of the fall bulls this year but high on quality. These Vantage Point cattle are flat out impressive when you study them. This bull has the added bonus of being a son of the great D27 donor who has the history of being one of the best producers on the ranch. A lot of predictability in this young sire.

## Message from Sale Management

Welcome to the 2025 edition of The Gathering Sale! As we prepare this year's catalog, it is amazing to listen to the Livestock Market results and rejoice for the cow/calf producer. The past 18 + months have been financially positive for all segments of beef production from pasture to plate and especially at harvest results. The time to freshen up the cowherd is now from older females to older bulls, gather up a premium and invest in new genetics.

The 2025 The Gathering offering is designed to put you in the driver's seat with top of the industry genetics to assist in keeping you in production agriculture for many years to come. The Shoal Creek team have brought you a stellar offering in both the world of Simmental genetics as well as Red Angus. The ladies are straight out of the keeper pen, and you all know the Ed loves his cows so letting go of these ladies was not an easy task. Fancy show dolls ready for the tan bark to beautiful females ready for their production years with many toting unique babies at their side. The boys in the offering are just as impressive, carrying the breeds leading bloodlines that will meet the standards of registered breeders and commercial producers as well.

Visit the [ebersale.com](http://ebersale.com) website by scanning this code. You will have access to an online version of the catalog and all sale videos.

We look forward to seeing you sale day!

We welcome to 2025 sale our guest breeders that also dug deep in the herd to add to The Gathering lineup: RS&T Simmentals, Vestlane Farm, Erickson Farm, Diggs Family Females & Pierpont Valley Cattle CO. Feel free to reach out to them with any questions as we all love to talk cattle.

Hospitality is king with Ed and Kathi Rule so if you have not made the trip to Excelsior Springs to the Shoal facility, make this the year you do. If you have joined us in the past, welcome back! If any of us at EE Inc or the breeders can assist you, please give us a call. Looking forward to seeing you April 5th!

Sincerely,

*Val & Lori Eberspacher*
